## Messages For Her

### MESSAGE 1

Good morning, my love! I adore you and hope you woke up refreshed and ready for a great day. If there's anything I can do to make it better, just let me know.

### MESSAGE 2

Good morning, sweetheart. Getting out of bed was hard today because it meant leaving the romantic woman of my dreams.

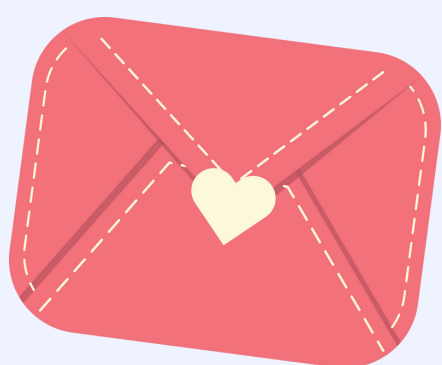

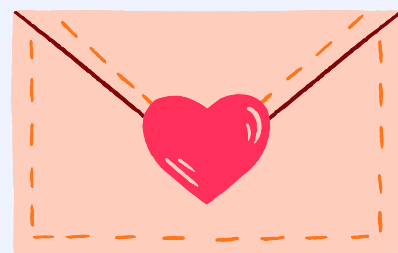

### MESSAGE 3

That bird singing by your window is special; it's helping me express my feelings for you. I hope you enjoy its song.

### MESSAGE 4

I feel secure in your embrace at night. You make me feel young and alive. Marrying you has been one of my best decisions. Thank you for being a great wife. Love you and have a lovely morning.

### MESSAGE 5

If I had to choose between seeing your beautiful face every morning and getting a good night's sleep, I'd gladly walk around like a zombie every day.
